**“Lost In The Night” by STRANDLIEBE:  
This super-catchy Pop House tune has the potential  
to become a summer hit in 2022!**

Electronic Music Project “Strandliebe” was formed by young South Tyrolean music producer Peter Cloud and Austrian DJ Oliver Schernhuber.

After a legendary party night on Ibiza they wanted to capture the feeling of finally connection with people again and created “Lost In The Night”.

With an irresistible melody reflecting the lightheartedness of warm summer nights, a hookline you can’t get out of your ear after just one listen, a catchy sing-along-chorus and charismatic vocals, “Lost In The Night” has all the key elements of a summer hit!
